ST ANDREWS

LOVE GIN

ROSE, ANGELICA, GOJI BERRIES, RASPBERRY, AFFECTION

Our pioneering pink gin is sweet, flavourful and floral, with a taste of rhubarb spice and sweet strawberries with vanilla, that finishes with green apple citrus and a hint of rose water. There's something magical about this gin – one of the first we ever made. Love Gin is the perfect gin gift to 'share the love!'

Best served with rose lemonade or premium tonic, garnished with a handful of raspberries.

Eden Mill is inviting you to discover our 'secret garden' and the home of our iconic Love Gin. Included on the front of our newly redesigned Love Gin glass bottle is a stunning illustration outlining the story behind the inspiration of our beloved Love Gin.

Within this illustration, you can discover our 'secret garden' - a quiet, private place where roses ramble freely. Roses are symbolic of beauty, love, mystery, innocence and passion that we believe are attributes to our classic Love Gin.

Let the white lady of St. Andrews lead you by the hand and discover her tale of love and heartbreak within our secret rose garden.
